

# EasyTech® Scope and Sequence

EasyTech by Learning.com is a standards-aligned, Web-delivered, K-8 technology literacy curriculum that contributes to improved student learning outcomes in language arts, math, science and social studies.

The table below provides an at-a-glance look at all of the EasyTech curriculum units from kindergarten to eighth grade. Each curriculum unit includes lessons, activities, practices, discussions and quizzes that teach students to effectively apply technology skills to learn core curriculum objectives. Use this table to determine the most appropriate grade level(s) at which to introduce each EasyTech unit. Detailed analyses are also available for grades K-2, 3-5, and 6-8.
